## God's Gifts in Action - The Current and Future Ministry of Our Redeemer

If you haven't already, please pick up the document in the narthex regarding the conversation we've begun about the possibility of doing more at ORLC. We encourage you to share your thoughts about the future with your elder or members of the Church Council!

### Walking

Long before gyms, wearable gadgets or personal trainers, walking shaped how humans explored, survived and thrived in the world.

While it may seem simple, walking is one of the most effective habits for healthy aging. Walking is accessible and often easier to sustain than other workouts, which makes it a win for long-term health. It keeps your heart strong, muscles active and your joints moving comfortably, all in a low-impact way that's easy to maintain over time.
